Pugh's Tips & Clips

Spring has Sprung!

We will begin mowing and edging for the new year and your lawn should have received its first cutting in March. After a few weeks of growth, we will begin a regular schedule for your landscaping and lawn care needs. Irrigation start-up and repair and putting down spring mulch is also in April. The annual flower order has been placed and installation will begin in May.

Pugh's Earthworks takes pride and care when caring for your lawn, but incidents can happen. Please inform us within 24 hours if something happened while we were there so we can investigate and remedy the problem as soon as possible.

If you refer a friend that utilizes our services, you will receive \$100 off your next improvement and/or upgrade of your current landscape maintenance or irrigation service. Please contact our office at 901-546-0099 or by e-mail.
